

### Computing Curriculum Map – 2020-2021

This long-term plan has been adapted so that it is 'Covid Safe'. The ICT Suite is no longer used for lessons and all learning will take place on iPads. Children have been given a specific device to use in lessons which is cleaned before and after use. To facilitate this process, the order of units taught in Key Stage 1 has been amended so iPads were not needed during the first half of the autumn term. In light of this, Year 1 and 2 children learnt about internet and online safety which focused on whole class discussions, circle time activities and online video resources.
