Supporting Ukrainians

Warm Welcome

Never has there been a more important time to investigate the deeper matters of life and the destiny of your never-dying soul. We live in an authority vacuum, perhaps as never before. But God's Word is timeless and its powerful message reliable and proven.

The Bible shows us we are fearfully and wonderfully made. But we live in a world where all are affected by the moral disease of sin. The evidence for this is clear in our own lives and in society as a whole.

The only remedy is the Gospel of Jesus Christ. A message which shows us how to seek and find Christ as Saviour and Lord. It must be heard.

Whether a student or a senior, we urge you to join us at Providence or subscribe to our You Tube channel for Live Stream services. For a first visit join us one Sunday at 6.30pm.

If you would like to know about our services, BSL interpretation, Sunday School or are new to the Christian faith please get in touch.
